**GLOBAL KIDS** is a 501(c)(3) non-profit and leading youth development organization serving more than 10,000 middle and high school students in both New York and Washington, DC. Our mission is to educate and inspire youth to take action on the critical issues affecting our world. Through our innovative, award-winning programs, our youth become leaders and active, engaged global citizens who work to make our world more sustainable, equitable, and inclusive. Global Kids promotes academic achievement, provides support for mental health and wellness, and sets students on the path to achieving long-term goals by ensuring they have the attention and resources needed to prepare them for high school and postsecondary success. This work is done through the lens of advancing human rights and at the core of these principles is the right to an education.
